Twizzlers Twisted Gravity

Tallest Screamin' Swing in World Leaves Gravity Behind This Summer

Twizzlers Twisted Gravity, the world's tallest Screamin' Swing, is officially open to the public at **Hersheypark**! The high-thrill pendulum attraction manufactured by S&S Worldwide features the newest candy to join the skyline at the largest amusement park in Pennsylvania.

Hersheypark is now open daily through September 1, 2025 along with the 11-acre **The Boardwalk At Hersheypark** water park. Hersheypark summer tickets include three experiences in one with 70 rides, featuring the most coasters in the Northeast, a full water park (open Memorial Day through Labor Day) and an 11-acre Zoo. For hours and tickets, please visit www.Hersheypark.com.

The one-minute and 10-second experience on **Twizzlers Twisted Gravity** begins as riders of Hershey's height category (48-54") and above sit in one of four branded zones across two gondolas featuring the **Twizzlers** Strawberry, Cherry, **Hershey's** Chocolate and Black Licorice-flavored designs. Riders will ascend 137 adrenaline-pumping feet, defy gravity at speeds reaching 68 miles per hour and experience multiple mind-bending zero G moments as they swing high above Spring Creek in **The Hollow** region of **Hersheypark**. To learn more, visit www.Hersheypark.com/things-to-do/rides-and-attractions/twizzlers-twisted-gravity.

Enjoy a free tour at Milton Hershey's Founders Hall

Visitors to Hershey, Pennsylvania are accustomed to seeing *Hersheypark*® rollercoasters, *The GIANT Center*, *Hershey's*® Kisses streetlights, and a large dome structure along Route 322 on the Milton Hershey School (MHS) campus.

The large dome structure, Founders Hall, is a physical memorial to the school's founders, Milton and Catherine Hershey. Thanks to their generosity, more than 11,000 MHS alumni have benefited from an exceptional educational experience in a nurturing, positive environment.

MHS is a top-tier private school for qualifying students in pre-K through 12th grade, offering life-changing opportunities and experiences. Based on the Deed of Trust left by Milton and Catherine Hershey, the school covers all costs for all students.

The public is welcome to visit and tour Founders Hall Visitors Center at no cost. Guests will learn more about the Hersheys' life as well as opportunities available at MHS through guided tours, interactive exhibits, and an immersive theater experience.

Founders Hall Visitors Center staff members are passionate about sharing the MHS story. Several are current or former houseparents or alumni.

Architecture enthusiasts will marvel at the structure's features. The building was built over a three-year period in the late 1960s and opened on Sept. 13, 1970. The rotunda is 74 feet high interior and 137 feet high exterior. About 1,550 tons of marble from the Vermont Marble Company in Proctor, Vermont, were used in its construction. In the center of the rotunda hangs five beautiful chandeliers featuring Austrian crystals.

Founders Hall underwent a massive restoration from 2017-2022 that added state-of-the-art lighting and technology, ADA-compliant access throughout, and a new look to the school's auditorium. The renovation also weaved together historic artifacts and moments in time with modern upgrades and features—among these are: an interactive Visitors Center, newly designed meeting areas, and office spaces.

Learn more about Founders Hall and MHS by visiting this amazing structure. The Founders Hall Visitors Center is open 10 a.m. to 3 p.m. Monday through Saturday. It is closed for school events and holidays. You can call (717) 520-3095 to confirm we are open. Admission is free; guests are asked to spread the word about Milton Hershey School.
